SCHOOL BOARD

Much-needed toilet facilities
will be installed in New Brock-
ton schools as soon as the funds
are available, the Coffee County
Board of Education agreed at its
monthly meeting Friday after-
noon at the courthouse. The
only other business transacted of
importance was the routine pay-
ing of bills.

On account of the funeral of
Dr. W. R. Crook, the board met
at 1 o'clock in the afternoon in-
stead of the regular time at 10
o'clock in the morning.

Present at the meeting were
Supt. of Education Kermit G.
Crook, Chairman J. E. Pittman,
James Wise, Carl Brooks and
Jesse Brown.

CAMP STEW GOOD

Fifteen members of the Elba
Fire Department feasted on Mrs.
L. P. Mullins famous camp stew
at her home Thursday night.
Mayor Mullins, who is consid-
ered an important component
of the fire department, perform-
ed graciously as host.

The firemen have learned that
when Mrs. Mullins invites them
to partake of her hospitality,
justice of peace Beat 6-R.

LOSS OF A TRUE FRIEND

In the death of Dr. W. R.
Crook, I feel that I have lost
one of the best friends I ever
had. Since I came to Elba 23
years ago, I have spent many
pleasant hours with Dr. Crook
and his passing leaves a void
in my life which can never be
filled. The whole community has
lost one of its best friends and
most valuable citizens.

NOTABLE ACHIEVEMENT

In being selected as a typical
trainee at Sheppard Air Force
Base, I achieved great distinction.
The full-page description of his
daily activities printed in 1949
in the Wichita (Kansas) Daily
Times, is of special interest to
me because my brother has been
employed on that paper for a
Base Pvt. Noah A. Clark.

Great many years ago I visited in
Wichita several years ago and
spent a good deal of time in
that great newspaper plant.

SGT. NOAH A. CLARK

Sgt. Noah A. Clark, son of Mr.
& Mrs. Noah A. Clark Sr. of El-
ba, has recently been awarded
the Standard First Aid Certifi-
cate upon completion of an Ar-
my course in accident preven-
tion and first aid. Sgt. Clark is
with the Air Police Squadron at
Sealand, England and attended
Elba High school.

In the Wichita (Kansas) Daily
Times of April 3, 1949, an entire
page, highly illustrated with
pictures, showed then Pvt. Noah
Clark as a typical trainee at the
Sheppard Air Force Base.

The Kansas paper gave an interest-
ing account of a full day's rou-
tine of a trainee at the base as
typified by Clark.

An Air Force photographer fol-
lowed Clark through a typical
day. Results were shown in pic-
tures printed in a clock-wise
order, following the trainee's
schedule.

After basic training Clark was
ordered to Bolling, Germany.

City Council Votes to Put Flourine in Local
Water Supply; Water Softener Will Be Added

Flourination of Elba's water
supply will start when the new
supply system now under con-
struction is put in operation, the
city council decided at its meet-
ing in the city hall Monday eve-
ning.

Dr. W. M. Ringdorf, dentist,
appeared before the council and
explained that flourination of
water to prevent dental caries
has gone far beyond the experi-
mental stage. He told council-
men 75 per cent of the young
sters now growing up would
have partial plates, a full set
of false teeth or other dentures
by the time they are 40 years
old. Flourination of the water
supply will arrest this high per-
centage in the teeth of the
babies that will be born in Elba
in future years.

It takes about six years for
flourination of the drinking wa-
ter to take effect, Dr. Ring-
dorf stated.

The council was unanimous
in its decision to install a flour-
ine feeder unit in the new water
plant. Dr. C. P. Hayes and May-
or L. P. Mullins were appointed
on a committee to iron out the
technicalities involved in using
flourine.

Cost of installing a flourine
feeder unit was estimated at
from \$350 to \$500. Cost of opera-
tion is around \$2.00 per million
gallons of water used.

Dr. Ringdorf stated authori-
ties estimate 40 million people
in the U. S. will be drinking
flourinated water in 1953. Tus-
caloosa is the only city in Ala-
bama that has its water supply
treated.

Other items of expenditure by
the council were Curry Taylor,
\$35; Elba Mercantile, \$77.43; Vic-
Freight Lines, \$337.72; Rag-
Brooks Machinery, \$1559 (new
motor for the parol); Dorsey
Chevrolet, \$80.32; Hopper-M-
Dermott of Andalusia, \$87.50; L.
P. Mullins (lumber) \$182; Kar-
Dan Products, \$5.75; Bonneau-
Jeter, \$13.90; Victoria, \$2.40;
Parts, \$3.53; Farmers Hardware,
\$3.50; Hudson Office Supplies,
\$3.75; Elba Vault Co., \$80; Hen-
& Marsh, \$38.75; Alabama Local
Government Journal, \$100; Wes-
tern Auto, \$312; Standard Ser-
vice, \$335; Pan Am, \$99.39; W.
L. English & Sons (gravel) \$13;
Thomas Steel Products, \$2.40;
Winham Lumber Co., \$4; Armo-
Metal Products, \$143.26.

Dr. W. R. Crook Dies

27 following a long illness. He
fell and fractured his hip about
18 months ago and had recov-
ered sufficiently to be able to
walk. Last July he suffered a
paralytic stroke in his right side
and then in October was burned
when his clothing caught fire.

team 48-48 last week.

In the first quarter the Bul-
dogs ran up a good 18-11 lead
and had the edge 30-20 at half-
time. During the last half the
college boys came out strong
and almost tied the local five.

A last quarter rally by Troy fell
short as Kinston went on to win
by one point.

In the last regular season con-
test, Kinston downed Straughn
48-36. Using a good man-to-man
defense the Straughn team kept
Kinston bottled up until the fi-
nal quarter. Meeks got away for
several shots in the last few
minutes to increase Kinston's
edge in the final score.

Smith topped the Bulldogs
scoring parade with 10 points.

To the People of the Northwest District:

This is an open letter to all the people who make up the district in which I am running for the office of County Commissioner. The purpose of this letter is to answer the questions and rumors that have arisen since I announced my candidacy for the position.

First, let me say that I am running because I want the office and because I feel that I can serve the people in my district if I win it. If I am elected there is no one who will be able to dictate my policies except the needs of the people of my district.

Second, I am in this race to the finish. Of course, no one can predict with accuracy the outcome of a political race, but as long as there is any hope, "Runt" Miller will be in there scrapping.

I will again thank you for any and all support that you may give me.

CONFIDENCE
Old Man: What were you thinking about?
Old Woman: I was just thinking how long we had lived together and that it couldn't go on forever like this and the time will soon come when one of us will have to go.
Old Man: Yes, but it's no use worrying about that now.
Old Woman: No, but I was just thinking that when it does happen, I would like to go to California to live.

Philosophical Notes
One of the nicest things about gardening is that if you put it off long enough, it eventually is too late. All it takes to make a plain woman beautiful is a man's imagination. Many women will tell their age without hesitation. They've rehearsed it for years.

Comparison
The Sunday-school teacher was describing how Lot's wife looked back and turned into a pillar of salt, when little Jimmy interrupted. "My mother looked back once while she was driving," he announced triumphantly, "and she turned into a telephone pole!"

NOT FOR HER
"My dear," said little Nancy's aunt, "I'm surprised to learn from your mother that you don't like to wash your face. Why when I was your age I washed my face at least three times a day."
"Yes, auntie," was the reply, "but look what happened to it!"

In A Hurry
O'Connor: Hey, how come you drove your car over here when you only live next door?
Skelton: I didn't want to waste time calling a cab.

Wants Company
The split personality is not neglected. A timid little man visits a psychiatrist and begs him to split his personality. When the doctor asks why, he answers in a low voice, "Oh, doctor, I'm so sad-some."

DISCOVERIES
It was Johnson's first game on the golf links, and his caddy was being exercised to the limit. "Guess I'm about the worst player you've ever seen," Johnson remarked humbly. "Well, not exactly, sir," replied the caddy, "but you sure have discovered spots on this course that I never knew were there."

My Husband
Mert: "I'd like to get a divorce. My husband and I just don't get along."
Gert: "Why don't you sue him for incompatibility?"
Mert: "I would, if I could catch him at it."

DECISION
"Now, then, Johnny," said his teacher, "if your father gave you seven cents and your mother gave you six and your uncle gave you four more, what would you have?"
Johnny wrinkled up his forehead and went into silence for the space of several minutes.
"Come, come," said the teacher impatiently. "Surely you can solve a simple little problem like that."
"It ain't a simple problem at all," replied the boy, "I can't make up my mind whether I'd have an ice-cream soda or go to the movies."

DOLLAR-A-WEEK Small Town Is Famous For Tax Service

CEDAR GROVE, N.C.—Tom Ellis lives in what is probably one of the smallest and most out of the way villages in the heart of the country, but he has made it known around the world. It is the headquarters for his "Dollar-a-Week," book-keeping and tax service.

Some of the methods and equipment he employs in achieving his success are as unusual as his improbable location, including, for example, a Hammond organ that is set down among the modern office machines in his little cross-roads office building.

Ellis was born and has lived much of his life in Cedar Grove, a small village of tobacco planters 25 miles from the nearest town. When he was a small boy, his father took him on a visit to Durham, where for the first time he saw a man in clean store clothes sitting at a desk entering figures in a book. Remembering the men he had seen toiling along the roads sweating under the August sun in coarse, grimy work clothes, young Tom told his father: "Daddy, when I grow up I'm going to be a bookkeeper."

Tom Ellis has done exactly what he said he would do to do, even though it would be difficult to pick a spot in which opportunities for a bookkeeper seemed less promising than in Cedar Grove.

Many Clients
He found his clients among the small business and professional men of nearby North Carolina and Virginia. Once a week each client mails in a few simple entries—with a dollar bill enclosed. Ellis' trained office staff analyzes, proves and posts the entries and at the end of the month sends the client a detailed statement of his business records.

When word got around how effective the Ellis "Dollar-a-Week" method was in reducing his clients of record-keeping cares, business grew too heavy for the small staff in the cross-roads office. So Tom copied his system and offered it to other bookkeepers who might be interested in setting up similar operations.

Now there are more than 2,000 Ellis-trained operators making the "Dollar-a-Week" system available through their independent offices to clients in all 48 states and 19 foreign countries.

Tom has never seen before, often drop in from distant points in Canada, Texas or New England. They marvel at the modern office equipment and show their greatest amazement when they spot the Hammond organ which in a way symbolizes this efficient but definitely low pressure enterprise.

Fame for Community
"They seem surprised at our readiness to drop a ledger and turn to the organ," Tom Ellis says, "but the office staff all like it. Music helps relieve the pressure of work and the soothing tones of the organ seem to have a way of smoothing out recalcitrant debts and credits."

Tom claims he first took piano lessons as a boy to escape afternoon household chores and only continued with his exercises because he became so fired by the exploits of Casey Jones that he had to learn to play the immortal Casey's ballad.

Georgia, Wisconsin Pupils Exchange Homes
MANITOWOC, Wis.—In an effort to gain better understanding between states and regions within the United States 60 youngsters from Wisconsin and Georgia will swap high schools and homes temporarily this winter.

Superintendent Angus B. Rothwell of Manitowoc public schools said arrangements were being made to send 30 pupils to Macon and receive the same number in his community. It is believed to be the first interstate exchange of high-school pupils ever contemplated in this country.

Under the plan, the only cost to the pupils chosen will be for transportation. Housing and food will be provided by the families involved. The Macon and Manitowoc youngsters making their homes in the premises vacated by the exchange.

Rothwell told the Board of Education, which approved the plan, that he believed Manitowoc pupils "will receive a broader understanding of southern life through attending Macon schools and living in southern homes."

Only 11th and 12th grade pupils will be considered for the exchange, the educator said.

Small Town in Illinois Has Fluoridation Unit
RIDGWAY, Ill.—Dr. C. S. W. chowski has talked the town of Ridgway into buying a fluoridation unit, making it the smallest community in the country to have its own unit.

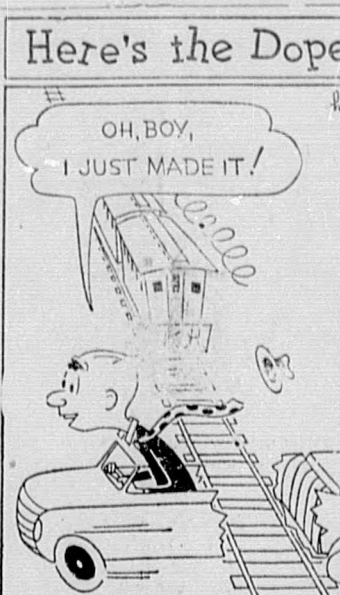

He prompted the village board to buy the unit by quoting statistics on the average number of cavities in the teeth of the local school children. A duplex feeder which regulates the amount of chlorine and fluorine in drinking water could cut down tooth decay considerably in children under eight, he said.

The unit is installed. The town numbers 1,000 inhabitants.

A Ticket Is A Favor

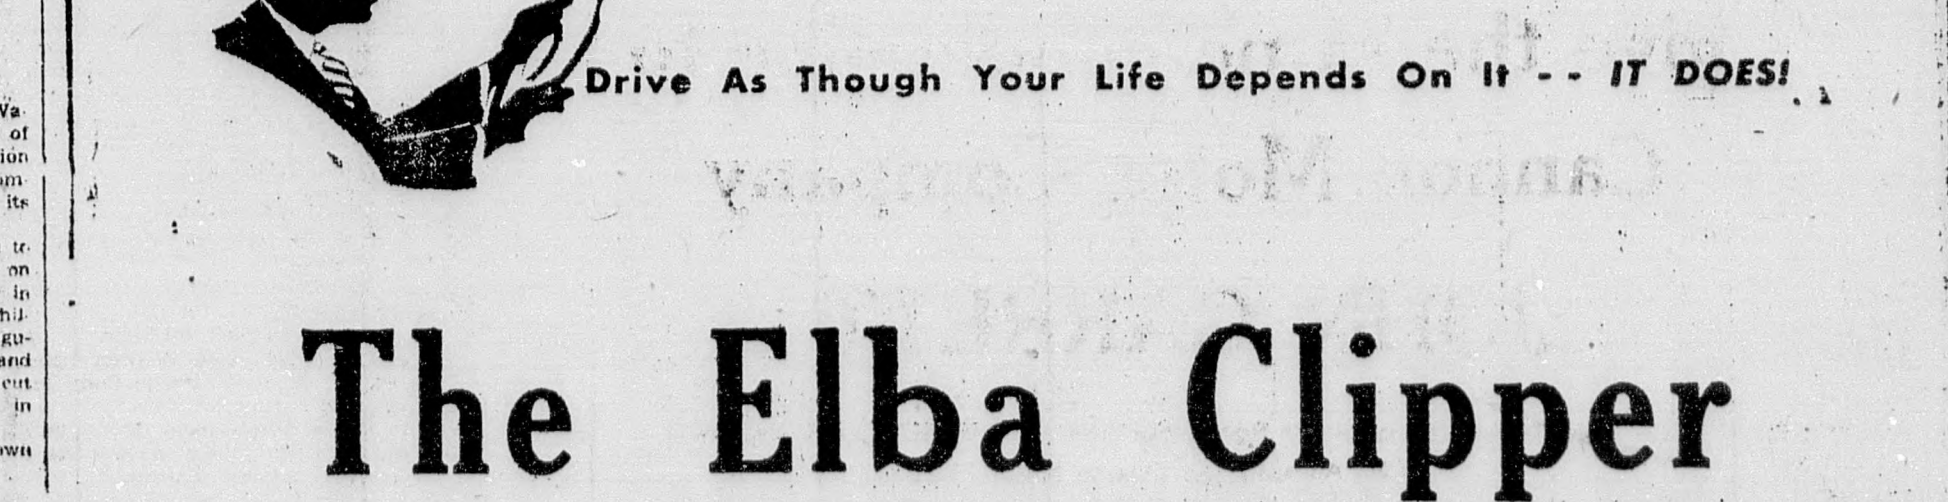

You knew a ticket was coming when the siren sound behind you and the flashing red light blinked in your mirror—and you knew why.

But did you even stop to think the officer was doing you a favor? Well, he was! Traffic patrol officers know their business. They are the ones who help clean up the gory messes on the highways, but their big job is to prevent accidents from happening.

There's no personal animosity in a ticket—and it may be saving your life and the lives of others in a positive way. Remember, driving is a responsibility as well as a privilege.

When you see a speeder getting a summons, be glad the law is dealing with another traffic violator—making your trip on the road safer. And if you ever drive out-of-turn—exceed the speed limit, go through a red light, cross a traffic line at a "no-passing" point, or violate some other rule of the road—recognize the fact that you are a candidate for a ticket.

And when the officer hands it to you—even if you don't say it out loud—think: "Thank You."
